

# KOTHAPALLI ANUSHA

## EDUCATION

### Bachelor of Technology (B.Tech) in Computer Science Specialization in Data Science

MOHAN BABU UNIVERSITY

2022 - 2026

### Intermediate (PUC) in MBIPC

Rajiv Gandhi University of Knowledge  
Technologies, RK Valley, Andhra  
Pradesh

2020 - 2022

### Secondary School Education

Sri Chaitanya Techno School, Tirupati,  
Andhra Pradesh

2019 - 2020

## COURSES & CERTIFICATES

Certification in Google Advanced  
Data Analytics by Google

Certification in Data Analytics by  
Google

Certification "Probability &  
Statistics for Machine Learning &  
Data Science" by  
DeepLearning.AI

Certification in UX Design  
Professional by Google

Python for Data Science, AI &  
Development certification  
authorized by IBM

Certification in "Computers and  
Operating Systems and Security"  
by Microsoft

## SUMMARY

Ambitious girl with a desire to add value added to the mission of an organization. Analyzed Insights, Adaptability and Excellence Of A Committed Individual pursuing opportunities in a Progressive Organization. Love working on innovative projects that drive real impact and business growth. With strong educations and computer skills, I am positioned to excel in a rapidly changing work environment. I always showed diligence and motivation, a track record that translated into an ability to learn technology rapidly and be performant when called on.

## SKILLS

c programming · html · R · Python · Sql · Microsoft Power Bi · Machine Learning · CSS ·  
React · Java Script

## EXPERIENCE

### Data Analyst Intern

2024 - 2024

IEEE ATPSS

Anantapur, India  
(Remote)

IEEE ATPSS

- **Data Analytics:** Proficient in collecting, preprocessing, and analyzing large datasets from IoT sensors. **Machine Learning:** Experienced in implementing, training, and evaluating various machine learning models. **Feature Engineering:** Skilled in selecting and engineering features for optimal model performance.

### Teacher Assistant

2024 - 2024

Devskillhub Training and Consultancy

Remote

Assisted in instructing undergraduate/graduate courses in Ethical Hacking, covering key cybersecurity topics such as penetration testing, network security, and vulnerability assessment.

- Developed and delivered tutorials, lab sessions, and workshops on practical hacking techniques and tools.

### Cisco Virtual Internships Program 2024

2024 - 2024

Cisco

Remote

AN INTERNSHIP

- Applied machine learning techniques to analyze and interpret data. Engaged in feature engineering and model development.

### Data Science Intern, Devskills

2024 - 2024

DevSkills

Remote

Learned various data science topics, including statistics and Power BI.

- Learned various data science topics, including statistics and Power BI. Engaged in hands-on projects to apply statistical techniques and analyze data. Developed skills in using Power BI for data visualization and business intelligence purposes.
